## 100% Pure White Core Matboard by Nielsen Bainbridge

Novacore matboard has helped more Australian framers build their business than any other brand of matboard. Backed by over 100 years of industry experience from Nielsen Bainbridge, Novacore offers a comprehensive range of the industry's most proven and established decorator colours, textures and oversized references, designed to meet all your creative needs.

Offering a superior quality of cut, assembled with premium quality, acid-free core and papers, buffered with calcium carbonate for enhanced longevity and board stability.

### **"Guaranteed quality for Guaranteed customer satisfaction"**

Environmental Commitment: Nielsen Bainbridge matboards only use environmentally sound adhesives and colourants that won't contaminate waterways, and recycled materials where feasible, including packaging. In addition, Nielsen Bainbridge matboard pulp comes from only farm grown trees, so for every tree consumed, another is planted.

 NielsenBainbridge™

### Pure White Core

100% bleached white pulp guarantees clean, crisp bevels with smooth and efficient cuts

Brightness measured by TAPPI 560/TAPPI 524

No optical brighteners specified for manufacture

### Consistent and mottle-free surface colours

Provide edge to edge and job to job colour consistency

Colours monitored to less than delta 1.0 using LAB spectrophotometer readings and constant visual quality inspection

### Alkaline pH of 8.3 +/- .5

Acid Free

Ensures longevity of board and non-archival protection of artwork

pH measured to TAPPI T509 om-88/ISO 6588

All layers bonded with an alkaline pH adhesive

### Alkaline reserve buffer of 2.5% +/- .5

Provides additional alkaline content to combat natural aging of paper

Monitored to ASTM D4988 standard

### Reliable 50+ point board thickness and rigidity

Provides superior stability and ease of use

Tested to TAPPI 411 to a tolerance of +/- .003
